

# Vice City Party Rules

To ensure that everyone gets a fighting chance to play whatever they want, no one may play any one game for longer than 30 minutes at a time. This rule applies even if you're the only person in the room.

Attendees under the age of 16 not accompanied by an adult may only stay for a TOTAL of 30 minutes while unsupervised.

Yes, you may need to show proof of age.

Don't be a dick. Let other people play. Seriously.

Vice City will serve alcohol each night. Once Vice City starts serving alcohol minors (those under 21 years of age) cannot stay. Adults will be asked to show proof of age. A state-issued ID is proof of age, an adult convention badge is not.

You must have a convention membership badge to attend Vice City.
